Aaron Mata

Soccer Player

How do I love me, let me count the ways

I love how I am nice to my friends
when I play fortnite

My family is happy for me
when I clean my room

I love that I run fast
like a tiger that is hunting

I am a good soccer player
when I am forward

I love when I go to San Jose with my family

My sportsmanship is amazing
when I play basketball

I love being a soccer player
feeling like a orange tiger

I will love me even more when I get older

Basketball Officer Player

In the museum of myself

there are crystals, tables, lions and cameras

a soccer player on a team

that is fast like a tiger

Visitors can play a game of basketball with a police officer

My museum is open from 9:00am to 5:00pm

There is a magical erase board that is flying to a customer

My museum lets you share food,

share a sense of humor, share presents

In my museum it is always sunny

Adalaide Montagnino

Unfold and Let go to Fly

My museum
My museum opens early in the morning
And ends at 8
As the doors open so do the lilacs, daffodils,
And butterflies unfold
And let go to fly
Play and joy come and visit often
Run and jump with happiness
I teach visitors to frolic without care
Rooms offer diverse oceans in one
Thick forests in another
I encourage you to dash from room to room
First, wandering into the past
Where memories flash across minds
As a red tailed hawk swoops above
Human kind
Munch on an apple
As you walk to the next exhibit
To check on it as if it would get off track
Fish swim above you as you come along
Fling of your shoes
And come with me
To the land of hope and love
There we play
Give and believe
My museum is one of hope, happiness, joy, love
And family

Green Ocean

How do I love me, let me count the ways
I love how I balance on one leg
Like a tree in the sun kissed sky
My art is creative
I paint a green ocean
I love that I am a curious scientist,
Always adding details and observations
I am quick in the water
Like a seal , on a chase
I love when I remember facts in history
Feeling intelligent
My cooking can feed my family
And the stars
I love being a fluent reader,
Going on journeys to the past
And future
I will love me even more when
I fly

Alicia Fuentes

Beautiful Sunset Brownies

I love how I am fantastic at bumping the volleyball
feeling amazing

my baking is wonderful
Making chocolate brownies like a beautiful vacation

I love that I enjoy taking time to see the gorgeous sunset
Orange, peach and red

I am a great artist
Like a famous illustrator

I love when I wear my unicorn outfit
All white and blue like the ocean

My eyes are like a hazel marble

I love being happy and kind to others
saying nice things

I will love me even more when I am a professional cook

Museum of Magical Flowers and Me

The museum of myself opens every day and never closes

Visitors see exhibits of pottery, baskets, boats and gems

There are magical unicorns

and a fairy girl with flowers all over her hair

In my museum there is sweet chocolate cake and
strawberries

It is a place to be creative, enjoy drawing and do art like
cross hatching

My museum is modern and old fashioned

Andrew Vergara

Soccer Player

How do I love me, let me count the ways

I love how I take care of my mom and dad
I will do anything for them

My artwork is red, blue, and green
Like a Redwood forest

I love that I am a great friend
Playing together

I love that I eat healthy food

I love when I play soccer
It is my favorite sport

My legs are as fast as a deer

I love being with moma's
Walking in the sun

I will love me more when I am a Zoo Keeper

Jumping Monkey

I'm as silly as a jumping monkey

I'm as sad as a hurt blue jay

I'm as lazy as a sleeping dog

I'm as busy as a hungry honeybee

I'm as small as a piece of sand

I'm as big as a Long-legged elephant

I'm, as tough as a fighting rhino

I'm as weak as a biting ant

Ariana Arteaga

Ariana's Museum

In the museum of myself
there are mirrors all over the walls
reflecting the places I go

There are rooms for all my moods

I offer visitors a chance of falling in love

My museum is open 24 hours 20 days a week

The thoughts you have before going to sleep are there
All the thoughts I can't think of
My dreams are there too

In my museum
A white unicorn lets people ride on its back
Bringing joy and happiness

My museum is a love museum
Join the family party

Because of Me

I love how I am creative when doing art
Painting blue and green circles

My hair is brown like Rocky Road Ice cream

I love that I sometimes am funny
Making smart jokes

I am a good example for my little brother

I love when I read good book stories
like Because of Winn-Dixie

My smiles tell that I am happy
Enjoying everyday

I love being funny
Laughing with my best friend

I will love me even more when I become an artist

Christopher Cadena

Bad Kitty

How do I love me
let count the ways

I love how I take care of the dog
throwing the soccer ball

My humor is a bunch of silly words
like why did the chick cross the road

I love that Bad kitty is hilarious
and I'm hilarious too

I am a joke teller

I love when I checked the passes at Fort Ross

My brain can light up
like the sun

I love being a fun math student
Always thinking

I Love me even more when I am a soldier in The Army

The Museum of Hope

In my museum there is a soft black, spotted puppy
A wild tiger chases away enemies
The bull stands on guard
There are funny exhibits of paintings
Red, blue and yellow
Pictures of an owl with outstretched wings
My museum opens morning to morning and never closes
A vending machine gives out Hope
It is a magical place where cats appear out of nowhere
And visitors see floating TVs
Come to my museum and get hope

Isaac Castro

A Car Guy's Mind

In the museum of myself there are drifters

Walk through the garage

You see Gtr R32's 240 SX's and NSX's

And little RC cars that look the same

Put on a helmet and driving gear

And take a test drive

The museum opens, then closes for a one hour break

Then opens again

Check out the magical cars that turn on by themselves

In the vending machine you can buy a miniature RC car

In the museum of myself you can explore a car guy's mind

Tomorrow in Life

How do I love me, let me count the ways

I love my hair so soft
when I get out of the shower

My talent is doing back flips on the ground
I always land them

I love that I am always caring
for my dad, mom, brother, sister
playing with my little brother to make him happy

I am good at riding bikes
jumping over pot holes

I love when I'm good at achieving something
like home work and reading

My family and I love soccer
and will always love it

I love being happy
and enjoying laughing with my friends

I will love me even more when I am older

Joaquin Faiella

I Heart Myself

How do I love me, let me count the ways

I love how I can spell like I'm the best in the world

My specialty is being able to do math like its $1+1$

I love that I can hit a home run at my Baseball Games
like I was born doing it

I am as special as a book in a best-seller series

I love when I play games enthusiastically
like it's a sport

My eyes are like a net capturing

The colors of the rainbow

I like being able to play piano
like a composer at his best

I will love me even more when I draw
like a photograph of the earth

The Night at the Night Museum

At the end of the day

I find myself at the top of my night museum

For seekers who are not ready to surrender

Their thoughts will be lost in the wonderful land of
dreams.

I step into my elevator full of foods

From Thailand, France, Mexico, and America.

In the elevator there are no buttons and only one seat

I sit down and the elevator starts my journey.

9...8...7...

The door opens and I step out to see a hall of doors

One door says "Horror room"

Another says "Adventure Room" and more.

6...5...4...

My next stop is more like a museum

In the room there are my old pets that have gone

To the heavens or gotten lost on this trafficked Earth

Then we step in the elevator and start again.

3...2...1...

Our last stop for the night is the Lobby Room.

Where there are people in their pajamas

From ages to 10 to 60.

All of these people are here for one reason

They want to explore.

So I open my museum of my past and thoughts

And I see people come and go

and I start my way up

1...2...3...

Jolie Torres

Museum of Everything

In my museum there are paintings of out of this world
Famous 3D animals
Like tigers and polar bears
I go inside and throw away all my sorrows
Like a bear in hibernation
When people come to my museum I offer them
peace, love and a chance to be free
My museum has a magical time machine
That can take you away to worlds
that don't actually exist
My museum is like a fun house or a jumpy house
red and blue
It is open from 6:00am until 5:30pm every night
My exhibits are lollipops shaped like hearts
and marshmallow butterscotch flavored fountains with a
stream of raspberry soda
In my museum you can eat until your heart is filled
With love

The Earth and Me

How do I love me, let me count the ways

I have special way of listening

I hear two hummingbirds twirping

My hair is as dark as night

It is blowing in the warm air

I love that I can look up and see

This big beautiful thing sitting on top of me

I am like grass on a warm day

I love smelling fresh air

It smells like a big strawberry

My dress is flowing like a strong stream

It looks like a tree swaying back and forth

I love being a great person

Helping others cross the road

I will love me more when I play soccer like a champion

Lila Wigton

I'm Amazing

How do I love me, let me count the ways
I love how I can learn new things
Excelling at division
My running is great at long distances
As my feet thump against the ground
I love that I have so many wonderful
Ideas like writing stories and making forts
I am so unique
Creating games and building models
I love when I can make my friends happy
Leaping with laughter
My books are advanced
I can read from morning to night
I love being kind to my friends
When I'm encouraging them to
do their best
I will love me even more when I can help the world make
peace

Lila Wigton

Museum of My Life

My museum has vines and flowers,
Forests of kelp and trees
Towering up through the ground
With ledges of mossy rock
And marshmallow fountains
Chocolate tigers and leaping lions
Shelves of memory crystals and glassy light
Candy canes the size of trees stand around
A fresh water fall
At the end a pool of hot springs
Surrounds you
Fragrant flowers, ice cream cones
Floating around
Unicorn bones
Swirly paintings and magic rocks
Form a circle around dancing peacocks
The roof of my museum is covered
With pictures and statues
And at the end of my museum you will find
That the hours are from 1:00 a.m to 12:00 a.m
Anytime I choose
Now come to my museum,
Because I have been waiting for you

Mateo Faiella

The Museum Of Random

In my museum some exhibits open late and end early.
My museum is like a messy room
With only strange items
like pen caps, empty bottles, tin cans
Strange pictures of people of the past
Memories of the future, desks, pencils, phones and
A wishing well that makes wishes come true
All in the present.

If you are here you will loose track of time because
The exhibits are a blend of the past, present and future
My museum offers freedom to Stay as long as you want
unless you touch the exhibits.

I am like a solar system
All my planets can support life
But if you get to close to the sun
then you will be sent back to your planet.
The people who work at my museum are friendly
Till you stop being friendly to them
In some rooms you can stop time and
in others you can make food out of thin air.
In the museum of random you can't get bored
Unless you don't see what others see.

I Love Me

How do I love me let me count the ways.

I love how I am creative
and want to be a creator off many different things.

My mind is creative
and it shall never stop.

I love that I hate to not know something
so I try to never not know something.

I am not vain but I still have courage.

I love when I create something new
that I can share with my friends and family.

My mind can be creative funny
and much much more.

I love me and
that I can do what I do and go where I go.

I will love me even more when I'm older
and I can create better.

Priscilla Fuentes

I Love Myself

How do I love me let me count the ways
I love how I read amazing fairy books
They are wonderful because the covers have bright colors
My hand is like a beautiful sunset in the blue sky
I love that I am a great rainbow painter
I like using the colors red, orange, yellow, green, blue, and purple
I am good at sleeping at night
I love when I am lazy
Just for 10 minutes after I get up
My thumb can pop out of place and go back into its spot again
I love being kind to others
Helping them when they need it
I will love me even more when I explore more

Museum Of Colors

My museum is filled with unicorns and rainbow art

A pink, blue, pale peach, and brown statue of myself
is inside each exhibit

During the summer I'm open 24 hours every day

Every exhibit has very happy music

In each room people sit down and eat cereal for breakfast,

raspberry cotton candy for lunch,
and eat vegetables and meat for dinner

I offer my visitors time to take a very deep look
like they are in a picture

My museum is like a colorful sunset in the afternoon
